Overview

Earlier today, Aetna announced an agreement to acquire Humana, which will create a company serving the most seniors in the Medicare Advantage program and the second largest managed care company in the United States. The combined company will be well positioned to offer a broad choice of affordable, consumer-centric health care products, helping to constrain cost growth, improve health outcomes, and promote wellness.

Integrating Humana into Aetna will complement our strategy to expand our core insurance business, increase our presence in government business and expand our relationships with providers in local geographies.
