FREQUENTLY ASKED QUESTIONS

Q: When will this proxy statement be sent to stockholders?

A: This proxy statement is being sent on or about March 12, 2004 to stockholders of record. It will also be available on the Company's web site www.humana.com as of that date.

Q: When and where is the annual meeting?

A: The Annual Meeting will be held on Thursday, April 22, 2004 at 10:00 a.m. EDT at 500 W. Main Street, Louisville, Kentucky 40202 at The Humana Building, 25th Floor Auditorium.

Q: What am I voting on?

A: You are being asked to elect eight (8) individuals to serve on the Board of Directors of the Company.

The Board of Directors is not aware of any other matters to be presented for action at the Annual Meeting. However, if other matters are presented for a vote, the proxies will be voted for these matters in accordance with the judgment of the persons acting under the proxies.

Q: How does the Board recommend I vote on the proposal?

A: The Board recommends that you vote **FOR** each of the nominees.

All Shares of Company common stock that are represented at the Annual Meeting by properly executed proxies received before or at the Annual Meeting and not revoked will be voted at the Annual Meeting in accordance with the instructions indicated in the proxies. If no instructions are indicated, the executed proxies will be voted **FOR** approval of the election of the Board of Directors.

Q: Who is entitled to vote?

A: Anyone who owns Humana Inc. common stock ("Shares") as of the close of business on March 1, 2004 (the "Record Date") is entitled to vote at the Annual Meeting or any adjournment or postponement of the Annual Meeting.

Q: What is a "quorum"?

A: A "quorum" is a majority of the outstanding Shares. Shares may be voted at the Annual Meeting or represented by a signed proxy card. There must be a quorum for the Annual Meeting to be held.

Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining whether a quorum exists. A broker "non-vote" occurs when a nominee holding Shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

[Table of Contents](#)

The Company believes that pursuant to current New York Stock Exchange regulations, brokers will have discretionary voting power over director elections, and therefore, there should be no broker non-votes.

Q: How many Shares are eligible to vote?

A: As of the Record Date, March 1, 2004, 162,109,152 Shares of Company common stock were outstanding and entitled to vote. Every stockholder is entitled to one vote for each Share held.

Q: What if my Shares are not registered in my name?

A: If you own your Shares in "street name," meaning that your broker is actually the record owner, you should receive proxy materials from your broker. When you own your Shares in street name, you are deemed a beneficial owner or holder for voting purposes.

Q: How do I vote?

A: There are four ways that you can vote your Shares. **PLEASE CHOOSE ONLY ONE OF THE FOLLOWING:**

1.) **By Internet.** The web site for voting is at <http://www.ProxyVote.com>.

In order to vote on the Internet, you need the control number on your proxy card. Each stockholder has a unique control number so we can ensure all voting instructions are genuine and prevent duplicate voting. The Internet voting system is available 24 hours a day, seven days a week, until 11:59 p.m. on Wednesday, April 21, 2004.

Once you are logged on the Internet voting system, you can record and confirm (or change) your voting instructions. If you use the Internet voting system, you do not need to return your proxy card.

2.) **By telephone.** If you are in the United States or Canada, you may use one of two toll-free numbers. Registered Holders should call 1-800-690-6903 and Beneficial Holders should call 1-800-454-8683. The telephone voting system is available 24 hours a day, seven days a week, until 11:59 p.m. on Wednesday, April 21, 2004.

In order to vote by telephone, you need the control number on your proxy card. Each stockholder has a unique control number so we can ensure all voting instructions are genuine and prevent duplicate voting.

Once you are logged on the telephone voting system, a series of prompts will tell you how to record and confirm (or change) your voting instructions. If you use the telephone voting system, you do not need to return your proxy card.

3.) **By mail.** Mark your voting instructions, sign and date the proxy card and then return it in the postage-paid envelope provided. If you mail your proxy card, we must receive it before 10:00 a.m. EDT on Thursday, April 22, 2004, the day of the Annual Meeting.

If you are returning your proxy card to ADP, they must receive it before 10:00 a.m. EDT on Wednesday, April 21, 2004, the day before the Annual Meeting.

If we receive your signed proxy card, but you do not give voting instructions, our representatives will vote your shares **FOR** approval of the election of all members of the Board of Directors. If any other matters arise during the Annual Meeting that require a vote, the representatives will exercise their discretion.

[Table of Contents](#)

4.) **In person.** Attend the Annual Meeting. However, you can vote by methods 1, 2 or 3 above and still attend the Annual Meeting.

Q: How do I vote the shares held in the Humana Common Stock Fund of the Humana Retirement and Savings Plan (“HRSP”)?

A: If you have money in the Humana Common Stock Fund of the HRSP, you may vote. Under the HRSP your voting rights are based on your interest — the amount of money you have invested — in the Humana Common Stock Fund.

You may exercise these voting rights in almost the same way that stockholders may vote their Shares, but you have an earlier deadline, and you provide your voting instructions to the HRSP Trustee. The Trustee will aggregate the votes of all participants and provide voting information to the Company. If your voting instructions are received by 11:59 p.m. Eastern Time on Tuesday, April 20, 2004, the trustee will submit a proxy that reflects your instructions. If you do not give voting instructions (or give them late), the trustee will vote your interest in the Humana Common Stock Fund in the same proportion as the Shares actually voted.

You may send your instructions to the plan trustee by using the Internet, telephone or mail methods described above. **You cannot vote in person at the Annual Meeting.**

Your voting instructions will be kept confidential under the terms of the HRSP.

Q: How many votes are required to elect each director?

A: Nominees receiving the greatest number of votes duly cast (called a “plurality”) will be elected.

Abstentions will be counted for purposes of determining whether a quorum is present at the Annual Meeting, but will not be counted for purposes of calculating a plurality. Therefore, abstentions will have no impact as to the election of directors.

Q: Who will count the votes?

A: Automatic Data Processing Investor Communication Services (“ADP”) will tabulate the votes cast by proxy. In addition, the Company’s Inspectors of Election will tabulate the votes cast at the Annual Meeting together with the votes cast by proxy.

Q: How do I revoke my proxy?

A: You have the right to revoke your proxy at any time before the meeting.

Your method of doing so, will depend upon how you originally voted:

By Internet — simply log in and resubmit your vote — ADP will only count the last instructions;

By Telephone — simply sign in and resubmit your vote — ADP will only count the last instructions;

By Mail — you must give written notice of revocation to the Automatic Data Processing, Investor Communication Services, 51 Mercedes Way, Edgewood, NY 11717 or by fax at (515) 254-7733, submit another properly signed proxy with a more recent date, or vote in person at the meeting. For written and fax notices, you must include the control number that is printed on the upper portion of the proxy card.

Q: What if I received more than one set of materials?

A: The Securities and Exchange Commission recently approved a new rule concerning the delivery of annual disclosure documents. The rule allows us to send a single set of our annual report and proxy statement to any household at which two or more stockholders reside if we believe the stockholders are members of the same family. This rule benefits both you and Humana. It reduces the volume of duplicate information received at your household and helps to reduce Humana's expenses. The rule applies to Humana's annual reports, proxy statements or information statements. Each stockholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents for this year, but you would prefer to receive your own copy; or if you share an address with another Humana stockholder and together both of you would like to receive only a single set of Humana's annual disclosure documents for future mailings, follow these instructions:

Please contact ADP and inform them of your request by calling them at (888) 603-5847 or writing them at Householding Department, 51 Mercedes Way, Edgewood, NY 11717. Be sure to identify Humana and include your name, address, the name of your brokerage firm (if applicable) and your account number.

Q: When are the stockholder proposals for the 2005 Annual Meeting due?

A: Stockholder proposals for inclusion in the proxy materials relating to the annual meeting of stockholders to be held in April 2005 must be submitted to the Corporate Secretary in writing no later than November 12, 2004. Proposals should be submitted to Joan O. Lenahan, Secretary, Humana Inc., 500 W. Main Street, Louisville, KY 40202.

Q: How much did this proxy solicitation cost?

A: D. F. King & Co., Inc. was hired to assist in the distribution of proxy materials and solicitation of votes for \$10,000 plus expenses.

The Company has also engaged ADP to assist in the distribution of proxy materials and the accumulation of votes through the Internet, telephone and coordination of mail votes for approximately \$30,000 plus expenses.

The Company will reimburse stockbrokers, other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to our stockholders.

Q: How can I obtain additional information about the Company?

A: Included with this mailing is a copy of our Annual Report on Form 10-K for the year ended December 31, 2003. The Company's Annual Report on Form 10-K and all other filings with the Securities and Exchange Commission may also be accessed via the Investor Relations section on the Company's web site at www.humana.com. DIRECTOR COMPENSATION

In July 2003, the Board approved an increase in certain fees paid to directors for services rendered as a committee member or chair. The following table shows compensation for directors who are not employees:

Compensation

Annual Board Retainer (Except for Chairman)	
— Cash	\$20,000
— Humana Stock (Fair Market Value on First Business day of January) (1)	\$25,000
Annual Stock Option Grant (2)	5,000 stock options
Annual Fee for Chairperson	
— Audit and Organization & Compensation Committees	\$5,000
— All Other Committees	\$4,000
Annual Fee—Executive Committee Members	\$7,000
Board Attendance Fee (per meeting)	\$2,500
Committee Attendance Fee (per meeting)	\$1,500

- (1) Each director except Mr. Jones received 2,453 Shares in 2003. Mr. Jones does not participate due to his retainer provisions as Chairman described below. Effective January 2004, the value of the annual Humana stock grant increased to \$30,000.
- (2) The director options were granted on January 2, 2003 with an exercise price of \$10.19, the fair market value on that date. Effective January 2004, the 5,000 annual stock option grant was changed to a stock award of 2,500 Humana Shares and a grant of an option to purchase 2,500 Shares.

In addition, the Company paid certain local taxes that averaged approximately \$1,142 per outside director, excluding Mr. Jones' amount which is described below.

In 2003, as the Company's Chairman of the Board of Directors, Mr. Jones received a \$225,000 annual cash retainer in lieu of attendance fees and the annual board retainer fee outlined above. Mr. Jones receives the annual stock option grant described above and receives fees as an Executive Committee member. In addition to Board of Directors' responsibilities, Mr. Jones' compensation reflects his continuing consultation on major initiatives of the Company and on corporate strategy and policy, and his external activities, including preserving and enhancing the image of the Company within the health benefits industry. Mr. Jones was provided office space, with an annual value of approximately \$49,700 as well as administrative and secretarial support, at a cost for 2003 of approximately \$203,000. In addition, during 2003, the Company provided Mr. Jones with the use of a Company airplane, life and accidental death insurance, parking, occupational tax, and membership to the Company's fitness club at a cost of \$112,086. Pursuant to his retirement in December 1997, Mr. Jones has elected to receive a joint and survivor annuity payment with a minimum of twenty years of payments under the Officers'

Target Retirement Plan (“OTRP”). Under the OTRP, Mr. Jones received approximately \$56,800 per month in 2003. The Company will continue to provide the benefits and arrangements described above to Mr. Jones for at least as long as he serves as Chairman of the Board. In December 1999, the Board believed it was in the best interest to set out the terms and conditions as described above in a written agreement. This agreement formalizes the terms of Mr. Jones’ compensation as described herein until he no longer serves as Chairman of the Board or until December 31, 2004, whichever is longer.

In connection with his position as Vice Chairman of the Board, David A. Jones, Jr. was reimbursed \$30,000 for office expenses incurred in 2003.

The following table shows benefits for directors who are not employees:

Benefits

Charitable Contributions	Company matches up to \$20,000
Group Life and Accidental Death Insurance	\$150,000
Business Travel Accident Insurance	\$250,000

Directors may elect to participate in the medical and dental benefit programs offered to all employees of the Company at a comparable rate as paid by employees. One director nominee has elected this option.

The Company also maintains the 1989 Stock Option Plan for Non-Employee Directors (which has expired), the 1996 Stock Option Incentive Plan and the 2003 Stock Incentive Plan pursuant to which options to purchase 15,000 Shares of the common stock are granted at 100% of fair market value to each non-employee Director upon his or her initial election to the Board of Directors. In addition, options to purchase 2,500 Shares of the common stock are granted, and 2,500 Shares of common stock are awarded, on the first business day of each January at 100% of fair market value to each Non-employee Director.

Under the Humana Inc. Deferred Compensation Plan for Non-Employee Directors, non-employee directors may make an irrevocable election each year to defer compensation paid to them by the Company in the form of cash or stock for services rendered as a Board member. The director may elect to have cash fees credited to a guaranteed interest account at a rate equal to the average ten-year U.S. Treasury Note rate for the previous calendar quarter and the stock fees to a stock equivalent account. Payments under the Plan generally commence on the date of termination of the director’s service as a member of the Board or a date specified by the director. The Company pays all costs and expenses incurred in the administration of the Plan.

Non-employee directors elected subsequent to 1998 do not receive any retirement benefits. Certain of the current directors have retirement benefits that are grandfathered under the Company’s Retirement Policy (the “Policy”). The Policy provides that a director who is not an employee must retire at the annual meeting following his or her seventy-third birthday. The retiring director is entitled to elect to receive either: (1) an annual retirement benefit for the life of the director in the amount of \$38,000, the annual retainer fee in effect for 1997; or (2) in lieu thereof, an actuarially equivalent joint and survivor annuity payment. In addition, each retiring director also receives an annual matching charitable contribution benefit of 50% of the annual retirement benefit. Benefits are prorated for any retiring director who has not served at least ten years on the Board of Directors. For fiscal year 2003, the Company paid benefits under the Policy to three former directors and has a separate letter agreement that was executed with one other former director before the adoption of the Policy. The benefits under the letter agreement are comparable to those under the Policy.

- (1) All options become exercisable in equal annual one-third installments from date of grant. In the event of a Change in Control of the Company, all outstanding stock options become fully vested and immediately exercisable in their entirety. In addition, during the 60-day period following the Change in Control, any stock option (or portion thereof) may generally be surrendered for cancellation for a payment of the difference between the fair market value and option price as more fully described in the Stock Option Plan.
- (2) The exercise price per share for the options is equal to the fair market value of the common stock on the date of grant. The exercise price may be paid in cash or, at the discretion of the Organization & Compensation Committee, in Shares of Company common stock valued at the fair market value on the date of exercise, or any combination thereof.
- (3) The dollar amounts in this table represent the potential realizable value of the stock options granted, assuming that the market price of the Shares of Company common stock appreciate in value from the date of grant to the end of the option term at annualized rates of 5% and 10%. Therefore, these amounts are not the actual value of the options granted and are not intended to forecast possible future appreciation, if any, of Company common stock prices. No assurances can be given that the stock price will appreciate at these rates or experience any appreciation at all. The fair market value of the Company's common stock was \$23.055 on December 31, 2003.

OFFICERS' TARGET RETIREMENT PLAN

The Company has in effect the Officers' Target Retirement Plan ("OTRP"), which is a non-qualified, unfunded plan providing supplemental retirement benefits to each elected Company officer, including the Named Executive Officers, and other designated key employees.

The following table illustrates the estimated maximum annual benefit which would be payable at age 65 to a participant, at various average compensation levels for specified years of credited service, under the OTRP:

**Estimated OTRP Maximum Annual Benefit at Age 65

- (1) These estimates are based on the assumption that (a) the OTRP will be continued under its present terms; (b) the participant will continue with the Company until, and retire at, age 65; and (c) the participant elects to receive an annual distribution instead of a lump sum payment.
- (2) The amounts shown are the total targeted retirement benefit and are reduced by benefits received under the Retirement Account in the HRSP, the Humana Supplemental Executive Retirement & Savings Plan and Social Security benefits.

The maximum years of service credited under the OTRP are 30 years, unless otherwise changed by the Board of Directors. As of January 1, 2004, the years of service for each of the Named Executive Officers are as follows: Michael B. McCallister — 30; James E. Murray — 14; Jonathan T. Lord, M.D. — 4; Bruce J. Goodman — 5; and James H. Bloem — 3.

HUMANA SUPPLEMENTAL EXECUTIVE RETIREMENT & SAVINGS PLAN

The Company has a qualified pension plan and a non-qualified excess Benefit Plan ("SERP"). Benefits that would be payable under the qualified pension plan, but for limits imposed by the Internal Revenue Code, are paid under the SERP.

AGREEMENTS WITH DIRECTORS AND OFFICERS

In September 2000, the Company entered into an agreement with Mr. McCallister ("McCallister Agreement") pursuant to which he: 1) serves as President and Chief Executive Officer of the Company at an annual base salary in an amount not less than \$650,000; 2) participates in an incentive plan providing for a target incentive compensation amount of not

[Table of Contents](#)

less than 125% of his base salary; and 3) is eligible for participation in all benefit plans and programs made available by the Company for its executive employees.

In the event of termination of employment without Good Cause (as defined in the McCallister Agreement), or with Good Cause under certain circumstances as set out in the McCallister Agreement, or pursuant to disability or death, the Company will pay to him or his estate an amount equal to any unpaid current annual base salary accrued through the date of termination and a prorated bonus calculated on the basis of 100% of base salary, plus a severance amount equal to his annual base salary plus bonus calculated at 100% of his base salary. He is also entitled to continue his coverage under the Company's life, health and disability plans for a 12-month period upon the same terms and costs for other employees of the Company. Additionally, all of his stock options shall become fully vested and shall be exercisable for a two-year period following his termination.

In the event of termination of employment with Good Cause, Mr. McCallister would receive an amount equal to his then current base salary earned but not yet paid and shall have a period of 90 days to exercise any vested options. Mr. McCallister would forfeit any unvested options or restricted shares.

In the event of termination of employment because Mr. McCallister gives notice of termination of the McCallister Agreement, or because Mr. McCallister voluntarily terminates his employment during the Employment Period, then the Company shall pay to him an amount equal to his then current base salary. Any bonus payable shall be prorated. He shall have two years to exercise any vested options. He is also entitled to continue his coverage for a 12-month period under the Company's life, health and disability plans upon the same terms and costs for other similarly situated employees of the Company.

In the event of termination of employment following a Change in Control, as defined in the McCallister Agreement, then Mr. McCallister shall receive: 1) his full base salary earned but not yet paid through the termination date at the greater of the rate in effect at the time of the Change in Control or the Termination Date (Higher Annual Base Salary), plus a prorated bonus calculated at 125% of his Higher Annual Base Salary; 2) an amount equal to two and one-half times the sum of the Higher Annual Base Salary plus the maximum target incentive compensation which could have been earned; 3) continued coverage for a two-year period, at the Company's expense, under all life, health, dental, accidental death and dismemberment and disability insurance; and 4) a gross up amount for any payments that constitute an excess parachute payment.

The McCallister Agreement also contains provisions not to compete or solicit for a 12-month period following termination. The McCallister Agreement generally may be terminated by either party giving written notice at least sixty (60) days prior to December 31 of each year.

In December 1999, the Company entered into an agreement with Mr. Jones ("Jones Agreement") formalizing the payments he receives as Chairman of the Board. See "Director Compensation" for a description of the terms of the Jones Agreement.

All officers elected by the Board of Directors, including the Named Executive Officers, generally receive health benefits upon termination for themselves and their eligible dependents at a predetermined rate until the earlier of attainment of age 65 or obtaining other coverage.

The Company has entered into agreements with all other officers, including Mr. Murray, Dr. Lord, Mr. Goodman, Mr. Bloem and key management employees, which for a two-year period

[Table of Contents](#)

following a Change in Control provide certain benefits upon termination. Such termination shall be involuntary or shall be due to a resignation as a result of a change in responsibilities or compensation. Under these agreements, these individuals would be entitled to receive severance pay which generally is determined by multiplying the sum of each individual's annual base salary, and the maximum incentive compensation payable to him or her, by a multiple ranging from one to one and one-half.

In addition, in the event of a Change in Control of the Company, benefits are payable under the Company's Stock Option and Restricted Stock Plans, and health, life and disability insurance coverage is available.

CERTAIN TRANSACTIONS WITH MANAGEMENT AND OTHERS

In 1994, the Company entered into an agreement with JAPC, Inc. ("JAPC"), which is owned by David A. Jones. Under the terms of the Agreement as amended in February 2003, the Company provides hangar space, pilot services and maintenance for an airplane owned by JAPC, and the Company may also use the JAPC pilots to fly Company aircraft. The rate paid for the hangar space is at least as favorable to the Company as market rates for comparable space. The Company is fully reimbursed for the cost of airplane maintenance. Either party upon 30 days' written notice generally may terminate the agreement. For the year ended December 31, 2003, the Company was reimbursed approximately \$103,981 by JAPC.

Effective January 1998, the Company entered into an Aircraft Interchange Agreement with JAPC. Under the terms of the Agreement as amended in February 2003, the Company leases its aircraft to JAPC and JAPC leases its aircraft to the Company. The lessee exchanges with the lessor time on the lessee's aircraft based on a ratio reflecting the difference in operating costs among the various aircraft. The Company and JAPC each bill the other for any flights that occurred in the preceding month. Any difference in number of hours is carried over to succeeding months and is offset against flight hours on aircraft of the other party. Either party upon 60 days' written notice may terminate the agreement. For the year ended December 31, 2003 the Company owed JAPC approximately 22.5 hours which will be offset against 2004 usage.

In 1995, the Company completed a commitment to invest \$1 million in the African-American Venture Capital Fund, LLC, a Kentucky Limited Liability Company ("Fund"). The Company invested an additional \$500,000 in the Fund from January 1, 2000 through December 31, 2003. These investments make the Company a greater than 10% stockholder of the Fund. David A. Jones has a similar investment in the Fund and is also a greater than 10% stockholder of the Fund. David A. Jones, Jr. is a director of the Fund. The Fund was established to provide capital and management resources to enhance the growth and development of businesses owned by African-Americans living in the metropolitan Louisville, Kentucky area.

During 2003, the Company invested \$150,000 in Greater Louisville Communications, Inc., a Kentucky corporation formed, at least in part, by an equity capital investment made by the African-American Venture Capital Fund. David A. Jones made a similar investment in Greater Louisville Communications, Inc. during 2003, making each of the Company and Mr. Jones a greater than 10% stockholder of the entity. Greater Louisville Communications, Inc. was formed for the purpose of being the sole owner of WYCS-TV, an independently owned commercial broadcast television station. The station operates within the Louisville metropolitan area and has a commercial and community orientation.

During 2003, a subsidiary of the Company ("Subsidiary") renewed a one year contract with Main Street Realty, Inc. ("Main Street") of which Mr. Jones is Chairman, Director and sole owner, to provide health insurance benefits to employees of Main Street. The terms of the contract, including the premiums charged and benefits provided, are comparable to those extended to other non-affiliated customers of Subsidiary in the area. During 2003, Subsidiary received payments from Main Street of approximately \$63,000.

AUDIT COMMITTEE REPORT

The Audit Committee of the Company currently is comprised of four directors. All members are independent and financially literate as defined in the New York Stock Exchange listing standards. The Board of Directors has determined that Messrs. D'Amelio, Gellert and Hall meet the definition of "financial expert." The Board of Directors has adopted a written charter for the Committee that is included as Appendix B to this Proxy Statement.

The Audit Committee reviews Humana's financial reporting processes on behalf of the Board of Directors. In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the Annual Report on Form 10-K for the year ended December 31, 2003 with Humana's management and its independent auditors, PricewaterhouseCoopers LLP ("PwC"). Management is responsible for the financial statements and the reporting process, including the system of internal controls. PwC is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America. Management has represented to PwC and the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee discussed with PwC the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended. In addition, the Audit Committee has discussed with PwC, the auditors' independence from Humana and its management including the matters in the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*.

During 2003, the Audit Committee met with the Director of Internal Audit, members of management, and the Company's independent auditors, PwC, regarding current and planned audit activities. The Audit Committee Chairman, in consultation with Internal Audit, the independent auditors, and management reviewed quarterly financial statements and earnings releases of the Company. The Audit Committee met and reviewed the annual financial statements of the Company as well as met separately with the independent auditors during the year. Audit Committee members individually reviewed monthly operating and financial information of the Company as well as internal audits of controls over operations, financial processes, and compliance with laws and regulations.

During 2003, the Audit Committee reviewed and evaluated the relevant requirements of the Sarbanes-Oxley Act of 2002, the rules of the U.S. Securities and Exchange Commission (including those recently enacted) and the revised listing standards of the New York Stock Exchange regarding audit committee procedures and responsibilities.

The Audit Committee reviewed and approved the services provided by PwC to Humana consisting of the following:

	For The Years Ended December 31	
	2003	2002
Audit Fees	\$ 1,954,250	\$ 1,846,593
Audit Related Fees	376,343	379,342
Tax Services	34,595	40,140
All Other Fees	15,200	177,484
TOTAL	\$ 2,380,388	\$ 2,443,559

[Table of Contents](#)

“Audit-Related Fees” include activities for employee benefit plan audits and mandated regulatory and compliance reviews. No amounts were paid for Financial Systems Design and Implementation.

“All Other Fees” in 2003 include annual renewal of software licenses for accounting research and workpaper documentation software, as well as a state requirement for an external actuarial certification of reserves established by Company personnel.

The Audit Committee discussed with Humana’s internal auditors and with PwC the overall scope and plans for their respective audits. At each meeting, the Audit Committee is provided the opportunity to meet with the internal auditors and with PwC with and without management present.

The Audit Committee has established policies and procedures for pre-approving all audit, review and attest services that are required under the securities laws and all other permissible tax and non-audit services necessary to assure the auditor’s continued independence. A copy of the Audit Committee’s Pre-Approval Policy is attached to this Proxy Statement as Appendix C. The Audit Committee annually will pre-approve the permissible non-audit services listed below:

- Related Assurance and Attestation Services
- Risk and Control Services
- Transaction Services
- Tax Services

The Audit Committee separately will consider any proposed retention of the independent auditors for permissible non-audit services other than those listed above.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Humana Annual Report on Form 10-K for the year ended December 31, 2003.

All members of the Audit Committee of Humana submit the foregoing report:

APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors, in accordance with the recommendation of its Audit Committee, has appointed PricewaterhouseCoopers LLP as independent auditors to audit the consolidated financial statements of the Company for the year ending December 31, 2004. The Audit Committee and Board of Directors believe that PwC has invaluable long-term knowledge of Humana. While preserving that knowledge, partners and employees of PwC engaged in audits of Humana are periodically changed, giving Humana access to new expertise, experience and perspectives. Representatives of PwC will be present at the Annual Meeting and will be afforded the opportunity to make a statement if they desire to do so and to respond to appropriate questions.

ORGANIZATION & COMPENSATION COMMITTEE REPORT

Executive Officer Compensation Policy

The Organization & Compensation Committee (the "Committee") administers the Company's executive officer compensation program, the key components of which are base salary, incentive compensation and equity compensation (stock option and restricted stock awards). Each member of the Committee is an independent, non-employee director who has never been an employee of the Company.

The Company's compensation program is intended to create competitive advantage through the stimulation of superior performance of human capital. Performance management at the Company focuses on building competencies required for the business, and on pursuing the highest level of contribution from each Humana associate. In general, the Company's compensation program is intended to:

- Provide compensation and benefits policies and practices that motivate and reward associates to achieve goals and objectives that maximize the value of the enterprise;
- Provide total compensation that is competitive with the market, based on the value of benchmark roles in the market;
- Align individual compensation with competency and contribution so that performance, tied to measurable objectives and results, will be rewarded appropriately.

The executive officer compensation program rewards executive officers for short and long-term performance. In addition to base salary, executive officers are compensated on a performance-oriented basis through the use of incentive compensation linking both annual and longer-term results. One component, the annual incentive bonus, permits team and individual performance to be recognized on an annual basis and is based, in part, on an evaluation of the contribution made by the officer to Company performance. Equity compensation awards are included in the compensation program to reward executive officers for longer-term strategic actions that increase Company value and thus stockholder value. This use of equity compensation directly relates a significant portion of each executive officer's long-term remuneration to the Company's stock price, and thus aligns the executive's compensation with the interests of the Company's other stockholders. The granting of stock options, as well as the more limited use of restricted stock, is used to: (1) recognize promotions of executives into positions of significant responsibilities; (2) recognize significant accomplishments of executives, particularly as the accomplishments impact growth, profits and/or competitive positioning; and (3) as an additional incentive to attract and retain high level executive talent. The Committee uses outside consultants to assist it in evaluating the various components of executive officer compensation.

The executive officer compensation program is designed to allow the Company to be competitive in the marketplace in attracting, motivating and retaining key executive officers. The Committee considers the overall compensation package when setting any one component of compensation. The marketplace is defined as both publicly traded companies approximating the Company's revenue and employee size, and specific companies in the health benefits industry. Although data from specific competitors in the health benefits industry is used in the compensation analysis, the Company uses a health care index in its Stock Performance graph instead of this specific peer group. The Committee believes this definition of the marketplace provides a good benchmark for analyzing the competitiveness of the Company's executive compensation program.

[Table of Contents](#)

Base Compensation

Base compensation for executive officers is determined by an assessment of overall Company performance, executive officer performance, changes in executive officer responsibilities and relevant industry survey findings. While many aspects of performance can be measured in financial terms, the Committee also evaluates senior management in areas of performance that are more subjective. These areas include the development and execution of strategic plans, the exercise of leadership in the development of management and other associates, innovation and improvement in the Company's products and processes, as well as the executive's involvement in industry groups and in the communities that the Company serves. The Company's policy is to target executive base salaries at the market median, but ranging from the 25th to the 75th percentile of the marketplace as defined above, depending on level of competency and contribution of each executive. Individual salaries are generally established in alignment with this target to ensure the attraction, development and retention of superior talent, as well as in relation to individual executive performance.

Incentive Compensation

The Company's incentive compensation plans are designed to reward officers and other designated key associates for the attainment of financial goals and other performance objectives approved annually by the Committee. Incentive compensation objectives are constructed to encourage responsible and profitable growth while taking into account non-routine factors that may be integral to the success of the Company. During 2003, the Company's executive officers, including the Named Executive Officers, participated in the Humana Inc. 2003 Executive Management Incentive Compensation Plan that was approved by the Company's stockholders. This Plan provides for the Organization & Compensation Committee to set the annual goal from a list of Performance Targets contained in the Plan. For 2003, the Performance Target was based solely on the attainment of pre-established Company earnings per share objective, with a maximum potential payment ranging from 90% to 150% of annual base earnings. The 2003 Performance Target under the Plan for the Named Executive Officers was exceeded and the Named Executive Officers received payments ranging from 90% to 150% of annual base earnings.

See the "Summary Compensation Table" for the amounts paid to the Named Executive Officers.

Equity Compensation

The Company uses stock options and, in limited instances, restricted stock awards to reward executive officers and other key associates for long-term performance and as a method to attract, motivate, and retain key employees. The use of equity-based compensation provides a vital link between the long-term results achieved for the Company's stockholders and the rewards provided to executive officers and other associates.

All stock options are granted at the fair market value of the Company's stock on the date of grant. The Committee, through review of stock programs and competitive practices at comparable companies, determines the aggregate amounts, terms and timing of stock option and restricted stock awards, with from time to time, the assistance of outside consultants. The number of shares covered by each award reflects the executive's level of responsibility along with past and anticipated future contributions to the Company.

In 2000 in order to retain its key employees during a time of transition for the Company, the Company awarded restricted stock to approximately 500 employees, including all Named

[Table of Contents](#)

Executive Officers, except for Mr. Bloem who was not employed at that time. Mr. Bloem received restricted stock awards in 2001. The awards granted in 2000 vested in 2003 pursuant to the terms of the agreements. Mr. Bloem's awards will vest in 2004.

In 2003, the Committee granted options totaling approximately 1.5% of the Company's outstanding common stock as of year-end to its associates. As reported in "2003 Stock Option Grants" all Named Executive Officers received stock options in 2003.

See "Summary Compensation Table" for additional information on these equity awards.

Chief Executive Officer Compensation

Mr. McCallister's base salary was increased to Seven Hundred Twenty-One Thousand Dollars (\$721,000), effective May 4, 2003. Because the 2003 Performance Target was exceeded, Mr. McCallister received One Million, Seventy Thousand Eight Hundred Eighty Five Dollars (\$1,070,885) under the Humana Inc. 2003 Executive Management Incentive Compensation Plan. The Committee believes Mr. McCallister's base salary and bonus reflect his achievements and the progress in furthering the Company's operational initiatives. The Company has previously entered into an Employment Agreement with Mr. McCallister that is more fully described in this Proxy Statement under "Executive Compensation of the Company — Agreements with Directors and Officers."

Executive Compensation Tax Deductibility

The Internal Revenue Code generally provides that compensation paid by publicly-held corporations to the Chief Executive Officer and the four other most highly paid executive officers in excess of one million (\$1,000,000) per year per executive will be deductible by the Company only if paid pursuant to qualifying performance-based compensation plans approved by stockholders of the Company. The Committee believes it has taken the necessary steps to qualify the Company's performance-based compensation plans for tax deductibility. Compensation as defined by the Code includes, among other things, base salary, incentive compensation, and gains on stock options and restricted stock. It is the Committee's policy to maximize the effectiveness of the Company's executive compensation plans. In that regard, the Committee intends to maintain flexibility to take actions which it deems to be in the best interest of the Company and its stockholders. Such actions may not always qualify for tax deductibility under the Code. The Committee believes that all executive compensation paid for 2003 will be deductible for federal income tax purposes except for approximately \$8.2 million of the restricted stock grants from 2000 which vested in 2003.

(1) Of the number listed above, 4,561,095 can be issued as Restricted Stock. As of March 1, 2004, 2,540,114 stock options and awards were granted. After cancellations, 5,541,480 shares remain available at March 1, 2004.

(2) The material features of the plan are described below:

Non-Qualified Stock Option Plan for Employees

On September 9, 1999, the Board of Directors adopted the Humana Inc. Stock Option Plan for Employees (the "1999 Plan"). The Board of Directors determined that no further awards would be made under the 1999 Plan as of December 31, 2002.

The 1999 Plan authorized the grant of non-qualified stock options to eligible employees of the Company or its Subsidiaries. Executive Officers and Directors are not eligible to participate in the 1999 Plan.

The 1999 Plan was intended to provide incentives and rewards for employees (i) to support the implementation of the Company's business and human resource strategies and the achievement of its goals, and (ii) to align the interests of employees with those of the Company's stockholders.

The 1999 Plan is administered by the Organization & Compensation Committee of the Company's Board of Directors ("Committee").

[Table of Contents](#)

The maximum number of Shares of common stock that could be awarded under the 1999 Plan was 1,700,000. The maximum number of shares that could be awarded to any individual was 15% of the shares of common stock authorized under the 1999 Plan.

Only non-qualified stock options could be granted under the 1999 Plan.

Generally, in the event of a Change in Control of the Company, as defined in the 1999 Plan, all outstanding stock options become fully vested and immediately exercisable in their entirety.

For federal income tax purposes, no income is recognized by a participant upon the grant of a non-qualified stock option under the 1999 Plan. Upon the exercise of an option, however, compensation taxable as ordinary income is realized by the participant in an amount equal to the excess of the fair market value of a share of the common stock on the date of such exercise over the exercise price. The taxable income resulting from the exercise of an option granted to an employee constitutes wages subject to the withholding of income taxes. Accordingly, the Company is required to make whatever arrangements are necessary to collect the amount of tax required to be withheld. The employee's income as reported on the Form W-2 will include the stock option exercise.

The above description does not include the shares of Restricted Stock awarded in 2000 and thereafter. For information concerning these awards, see the "Summary Compensation Table" contained in this Proxy Statement and "Footnote 10 — Employee Benefit Plans — Stock Based Compensation" in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

CORPORATE GOVERNANCE GUIDELINES**

1. Role of the Board of Directors. Humana's primary objective is to optimize stockholder value over the long term. The business of the Company is managed under the direction of the Board of Directors, which is elected by the stockholders. The basic responsibility of the Board is to exercise its business judgment to act in what each Director reasonably believes to be in the best interests of Humana and its stockholders. The Board selects the senior management team, which is responsible for the day-to-day conduct of the Company's business.

The Board of Directors has six scheduled meetings a year at which it reviews and discusses reports by management on the performance of the Company, its plans and prospects, as well as immediate issues facing the Company. Special meetings are held as appropriate. In addition to its general oversight of management, the Board also performs a number of specific functions, including:

- selecting, evaluating and compensating the Chief Executive Officer of the Company (the "CEO") and overseeing CEO succession planning;
- providing counsel and oversight on the selection, evaluation, development and compensation of senior management;
- reviewing, approving and monitoring fundamental financial and business strategies and major corporate actions;
- assessing major risks facing the Company and reviewing options for their mitigation; and
- ensuring processes are in place for maintaining the integrity of the Company, the integrity of the financial statements, the integrity of compliance with law and ethics, the integrity of relationships with customers and suppliers, and the integrity of relationships with other stakeholders.

2. Expectations for Directors. The Board has developed a number of specific expectations of Directors to define their responsibilities and to promote the efficient conduct of the Board's business. It is understood that the non-management Directors are not full-time employees of the Company.

(a) *Commitment and Attendance.* All Directors should make every effort to attend meetings of the Board and the Committees of which they are members and the Company's annual meeting of stockholders. Attendance by telephone or video conference may be used to facilitate a Director's attendance.

(b) *Participation in Meetings.* Each Director should be sufficiently familiar with the business of the Company, including its financial statements and capital structure, and the risks and the competition it faces, to ensure active and effective participation in the deliberations of the Board and of each Committee on which he or she serves. Upon request, management shall make appropriate personnel available to answer any questions a Director may have about any aspect of the Company's business. Directors should also review the materials provided by management and advisors in advance of the meetings of the Board and its Committees and should arrive prepared to discuss the issues presented.

(c) *Other Directorships and Significant Activities.* The Company values the experience Directors bring from other boards on which they serve and other activities in which they participate, but recognizes that those boards and activities may also present demands on a Director's time and availability and may present conflicts or legal issues, including independence issues. Directors should advise the chairperson of the Nominating &

[Table of Contents](#)

Corporate Governance Committee and the Chairman of the Board before accepting membership on other boards of directors or any audit committee or other significant committee assignment on any other board of directors, or establishing other significant relationships with businesses, institutions, governmental units or regulatory entities, particularly those that may result in significant time commitments or a change in the Director's relationship to the Company.

3. Qualification of Board Members. The Board will have a majority of Directors who meet the criteria for independence established by the New York Stock Exchange and, for the Audit and Organization & Compensation Committees, the criteria established by the Securities and Exchange Commission. The Organization & Compensation Committee members must also meet the independence criteria of the Internal Revenue Code. The Nominating & Corporate Governance Committee will review with the Board the requisite skills and characteristics for new Board members. This assessment will include members' qualification as independent as well as consideration of background, board skill needs, diversity and business experience.

4. Selection of New Directors. The Board shall be responsible for selecting its own members. The Board delegates the screening process for new Directors to the Nominating & Corporate Governance Committee, with counsel from the Chairman of the Board, the Chief Executive Officer and outside consultants as appropriate. The Nominating & Corporate Governance Committee does not solicit Director nominations, but will consider stockholder recommendations sent to the Secretary of the Company at 500 West Main Street, 27th Floor, Louisville, KY 40202. Stockholder nominations for election to the Board of Directors is an area governed by specific provisions in the Company's Bylaws, a copy of which is available on the Company's web site at www.humana.com.

In connection with the selection and nomination process, the Nominating & Corporate Governance Committee shall review the desired experience, mix of skills and other qualities to assure appropriate Board composition, taking into account the current Board members and the specific needs of the Company and the Board. The Board will generally look for individuals who have displayed high ethical standards, integrity, and sound business judgment. This process is designed to ensure that the Board includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to the business of the Company.

5. Independence. The Board must determine the independence of its members. To be independent, a Director must meet the independence standards set out by the Securities and Exchange Commission, the New York Stock Exchange, and any other applicable regulatory body. Additionally, the Board must affirmatively determine that a Director has no material relationship with the Company, i.e., a relationship which could interfere with the Director's exercise of independent judgment. The Board's determination of each Director's independence will be disclosed annually in the Company's proxy statement.

6. Size of the Board. The Company's Bylaws state that the Board shall consist of between three and fifteen members. The Board will assess its size from time to time.

7. Committees of the Board. The Board will at all times have an Audit Committee, an Organization & Compensation Committee, and a Nominating & Corporate Governance Committee. All members of these committees will be independent Directors under the criteria established by the New York Stock Exchange and the Securities and Exchange Commission.

The Board may from time to time establish additional committees as necessary or appropriate. Committee members will be appointed by the Board. Consideration should be given to rotating

[Table of Contents](#)

committee members periodically, but rotation should not be mandated as a policy. Each committee will have its own charter. The charters will set forth the purposes of the committees as well as qualifications for committee membership.

8. *Chairman.* The Chairman of the Board will be selected by the Board. The Board may select the Chief Executive Officer as Chairman if that is in the best interests of the Company at any given time.

9. *Presiding Director and Executive Sessions.* Non-management members of the Board shall regularly meet in executive session (without members of management being present). Additional executive sessions of non-management members of the Board shall be held as necessary or appropriate or upon the request of any two non-management Directors. To the extent the group of non-management Directors includes Directors who are not independent, then at least once annually, only independent Directors shall meet in executive session. Executive sessions shall be led by the Presiding Director, who shall be an independent Director. The Presiding Director at such meetings shall be either the Chairman of the Board if he or she so qualifies or the various qualifying committee chairs on a rotating basis. If the designated Director is unavailable to serve as the Presiding Director, the remaining qualifying Directors may designate one of themselves to serve as Presiding Director for that meeting.

10. *Orientation and Continuing Education.* The Company will conduct an orientation program for new Directors. The orientation will include presentations by senior management with respect to the Company's principal officers, strategic plans, financial reporting, ethics policies and codes of conduct, and its auditing processes. Board members may periodically attend seminars at the Company's expense. Directors shall also receive materials and briefing sessions as appropriate in order to continue to assist them in understanding and discharging their duties.

11. *Compensation.* The Organization & Compensation Committee will periodically review the compensation of Directors and will make recommendations to the Board. In discharging this duty, the Organization & Compensation Committee shall be guided by three goals: compensation should fairly pay Directors for work required in a company of Humana's size and scope; compensation should align Directors' interests with the long-term interests of stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand. It is the desire of the Board to attract and retain qualified members that satisfy the requirements set forth in these Corporate Governance Guidelines. The Organization & Compensation Committee may use outside consultants in the course of its periodic review of Director compensation.

12. *Agenda and Meetings; Board Information.* The Chairman, in conjunction with the Chief Executive Officer, shall establish the agenda for each Board meeting. Each Board member may suggest the inclusion of items on the agenda. Each Board member may raise at any Board meeting subjects that are not on the agenda for that meeting.

13. *Access to Executive Officers and Independent Advisors.* Directors shall have full access to the Executive Officers of the Company to discuss any aspect of the Company's business. Directors shall also have complete access to other employees of the Company. The Board welcomes regular attendance at each Board meeting of Executive Officers and other members of senior management of the Company. In performing its functions the Board shall be entitled to rely on the advice, reports and opinions of management, counsel, accountants, auditors and other expert advisors. Except as otherwise provided in a charter of a Committee, the Board shall have the authority to select, retain, terminate and approve the fees and other retention terms of its outside advisors.

14. Ethics, Conflicts of Interest

(a) *Codes of Ethics.* Humana has a comprehensive Code of Business Conduct and Ethics called The Humana Principles of Business Ethics approved by the Board (the "Code of Conduct"). Directors, as well as Officers and employees, are expected to act ethically at all times and to annually acknowledge their adherence to the policies comprising the Code of Conduct. The Company has also adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers (the "Code of Ethics").

(b) *Reporting Violations.* In accordance with the terms of the Code of Conduct and the Code of Ethics, anyone who has a concern about suspected violations of the Code of Conduct, or about the Company's accounting, internal accounting controls or auditing matters, may communicate that concern directly to the Presiding Director, to the non-management Directors, or to the Audit Committee. Such communications may be confidential or anonymous, and may be emailed, submitted in writing, or reported by phone to a special address or a toll-free phone number that is published on the Company's web site. Concerns relating to accounting, internal controls, auditing or Officer conduct may be sent to the Chair of the Audit Committee and will be simultaneously reviewed and addressed by the Company. Humana forbids retaliation against an employee who reports a violation or suspected violation of either Code based on a reasonable belief.

(c) *Waivers.* A "waiver" is the approval of a material departure of a provision of either the Code of Ethics or the Code of Conduct. Any waiver or exception request to the Code of Conduct by an Executive Officer or Director shall be submitted to the Audit Committee in writing. The Audit Committee shall consider this request and make a recommendation to the full Board for decision. The Board shall resolve any waiver or conflict of interest question involving the Directors or Executive Officers. The Board can secure any legal or other independent consultation they deem necessary to complete such consideration and decision.

15. Communications with Directors. Interested parties may communicate with the Company's Chairman, Presiding Director or any other individual Director by writing to the special email address published on the Company's web site at www.humana.com. The Company may use the services of an outside vendor or the office of its General Counsel or Corporate Secretary to review correspondence received in this manner, to filter advertisements, solicitations, spam and other such items.

16. Chief Executive Officer Evaluation. The performance of the Chief Executive Officer will be reviewed by the Board at least annually. Such review will be coordinated with recommendations from the Organization & Compensation Committee with respect to long and short-term compensation goals and performance of the Chief Executive Officer.

17. Management Succession. The Board shall develop and adopt a plan of succession for the Chairman and the Chief Executive Officer, in the event of either of their deaths, disability, removal or resignation. This plan will be reviewed by the Board periodically.

18. Board Evaluation. The Chairman in consultation with the Nominating & Corporate Governance Committee shall coordinate an annual self-evaluation by the Directors of the Board's performance. The Nominating & Corporate Governance Committee will receive comments from all Directors, which will be discussed with the full Board on an annual basis. Each Committee will also conduct an annual evaluation of its member's performance on the Committee and make appropriate recommendations to the Board.

HUMANA INC.
PRE-APPROVAL of INDEPENDENT AUDITORS
FOR AUDIT and NON-AUDIT SERVICES POLICY
As Adopted March 13, 2003

As Amended September 11, 2003

Introduction

The Audit Committee is required to pre-approve the audit and non-audit services performed by its independent auditor in order to assure that the provision of such services does not impair the auditor's independence. The annual audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. Unless a type of service to be provided by the independent auditor has received this annual pre-approval, it will require separate pre-approval by the Audit Committee. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

It is the long-standing policy of Humana Inc. ("the Company") and each of its subsidiaries to use the most effective (cost, results, and time) supplier of services on each project or task that requires external assistance. Using the most effective supplier of services on such projects and tasks is deemed to be in the best interests of the Company. The Company's independent auditor offers some of these services.

Accordingly, from time to time it can be in the best interests of the Company to engage its independent auditor to perform the following services as long as the auditor's independence is maintained during and after the engagement in accordance with the Sarbanes-Oxley Act, Securities and Exchange Commission ("SEC") regulations, and its interpretations governing auditor independence.

It is the intent of the Company that this Policy be in compliance with all rules and regulations regarding the independence of our outside auditors. If any provision of this Policy is or becomes or is deemed invalid or illegal, or would disqualify the Policy under any law deemed applicable by the Company, such provision shall be construed or deemed amended to conform to applicable laws. If it cannot be construed or deemed amended without, in the determination of the Company, materially altering the intent of the Policy, it shall be stricken and the remainder of the Policy shall remain in full force and effect.

The Audit Committee will consider any proposed retention of the independent auditors for permissible services. For any such service listed below, the Committee may delegate its pre-approval authority to the Chairman of the Committee.
